

# Femsa

The largest beverage distributor in Latin America with revenue of over \$18 billion and 25,000 employees.

## Challenges

- Manage risk in a hybrid environment with multiple ERP solutions.
- Ensure standardised testing across the organisation.
- Integrated management reporting across the company.

## Results

- Increased agility in the user experience through Oracle Cloud.
- Flexible tool, easy to scale up or down, accessible from anywhere.
- An opportunity to maintain costs with Oracle Cloud.
- Streamlined risk processes, early detection of potential issues and executives have access to dashboards to monitor process.
