

# Join the SafePaaS Influencer Referral Program

Help us help organizations mitigate risk. For every organization that signs up to SafePaaS, you'll earn rewards. It's that simple.

Our mission is to protect business-critical applications around the world. With your help and our trusted solutions, we can together safeguard businesses and make communities flourish.

## SafePaaS incentives for your referrals

The **SafePaaS Influencer Referral Program** is to compensate individuals or businesses that introduce SafePaaS to companies that are searching for risk management solutions and may benefit from our platform of solutions.

Our commitment to you is to protect the organization you refer and safeguard its most valuable assets.

### Value for Customers

SafePaaS allows customers to control and manage their hidden risk across all their applications to reduce audit costs and improve bottom-line.

### Value for your Referrals

Referrals will receive financial rewards for identifying customer opportunities for SafePaaS Risk Management solutions and influencing a customer's choice towards SafePaaS. If you prefer not to receive financial rewards, we offer service credit that can be used for SafePaaS products, services, training and cross-promotional marketing.

### Value for SafePaaS
